

# UCGHI Summer Researchers in Global Health

This summer, with the support of generous private donors and the UCSF Institute for Global Health Sciences, the UC Global Health Institute is excited to launch the Summer Researchers in Global Health program as a multi-campus Northern California six-week global health summer internship program for Rising High School Seniors in Northern California that introduces students to the field of global health, immerses them in challenging real-life projects with researchers at **UCSF, UC Berkeley, UC Davis, UC Santa Cruz, and UC Merced**. Interns will receive direct mentorship from global health professionals and participate in weekly case discussions and group activities. Topics may be HIV/AIDS, malaria, tuberculosis, reproductive health, planetary health, emerging infectious diseases and more. [Visit our website to learn more!](#)

## Important Dates

April 20	Application deadline
April 28	Applicants notified of their admission status
May 5	Applicant response deadline
June 9 - July 18	Summer internship period

## Apply Now

The online application for **Rising High School Seniors** asks students to provide the following information:

- Contact information
- Resume (one page)
- A personal statement that describes why you are interested in global health (in 300 - 500 words)
- Letter of recommendation from a teacher or counselor
