0 Med Coalition	We are a student-led nonprofit organization dedicated to supporting the medical needs of people across the globe. Our goals mainly focus on increasing accessibility to healthcare products depending on each community's need, from medicine to isopropyl alcohol or anything else. Through education and awareness, we aim to break down barriers to medical education, inspire future healthcare professionals, and bring attention to the pressing health needs of people.	https://highlanderlink.ucr.edu/organization/medcoalition	rraja025@ucr.edu	Instagram - @medcoalition.ucr
ActiveChild at University of California Riverside	In partnership with our parent charity, our goal is to improve student health in impoverished schools by providing resources that promote physical activity and healthy habits. We believe that by empowering students to live healthy lives, we can help them achieve their full potential. ActiveChild at UCR contributes to these goals in two critical ways: fundraising and awareness. Fundraisers are held to aid ActiveChild in completing its mission in the IE, and weekly chapter meetings are held to help the student body develop a framework to understand health disparities, nutrition habits, and lifestyle choices that influence our pediatric population. African Americans United in Science	The purpose of AAUS is to increase the educational and professional opportunities available to African American science students at the University of California, Riverside; stimulate the dissemination of valuable information to both student and the overall community, and provide social, cultural, and volunteer activities that serve to enrich the undergraduate experience of AAUS members. To familiarize AAUS members with graduate and professional school information and career opportunities in the sciences.	African Americans United in Science (AAUS) - HighlanderLink	aaus.at.ucr@gmail.com	Facebook - https://www.facebook.com/africanamericans_science?ref=ts
American Medical Student Association	The American Medical Student Association (AMSA) is the largest Pre-Medical student organization in the nation, and is completely student governed, to best meet the needs of its audience as well as the largest pre-med/pre-health club on campus. As a nationwide medical on-campus organization, we host events that provide resources, knowledge and leadership opportunities in a vast array of committees that supports your aspiration to go into medical school.	American Medical Student Association - HighlanderLink	ucr.amsa@gmail.com	Instagram - amsaucr
American Medical Women's Association	AMWA functions at the local, national, & international level to advance women in medicine & improve women's health by providing & developing leadership, advocacy, education, expertise, mentoring, & strategic alliances. As a pre-med branch of the nationally established American Medical Women's Association at UCR, our purpose is to bring together those in medicine and health-related fields on campus to promote women's health and to support members' professional and personal development. We also provide two mentorship programs, a MD one with the AMWA UCR School of Medicine, and a DO one with the Western University of Health Sciences, College of Osteopathic Medicine, to allow our members to form connections with current medical students. We hope to provide all our members with philanthropic opportunities and events to help them become active members of the community and go on to serve as our future physicians. Chapter of Global Medical Scholars Riverside	The mission of this Chapter is to provide students with leadership development, hands-on healthcare project opportunities, and access to a global professional network through CGHS programs such as the Honors Member Program and Global Impact Fellowship. This Chapter is part of the Council for Global Health Scholars, a cooperative initiative that has spent the past twenty years helping top students navigate and succeed in demanding medical professions while contributing to healthcare infrastructure and volunteer networks worldwide, impacting over 1,000,000 patients. As a distinguished Chapter, our focus is to bring together like-minded scholars to develop healthcare innovations that support underserved communities globally, in partnership with Global Medical Brigades®. Through these efforts, students will gain real-world experience in implementing solutions that address healthcare challenges in various communities. Additionally, members will benefit from leadership training and project management development, along with immediate access to exclusive resources such as certification programs, free graduate school preparation materials, scholarship opportunities, and global networking connections that will help advance their careers in healthcare leadership. Environmental Science Club	<p>As an integral part of UCR's vibrant academic community, the Environmental Sciences Club offers students - both those majoring in Environmental Science and those with a keen interest - a unique platform to explore the pragmatic implications of their studies. We strive to illuminate the practical essence of environmental science by organizing a diverse array of enriching activities.</p> <p>Our club conducts immersive field trips, allowing students to observe and analyze environmental science principles in action. By visiting relevant sites, members get a first-hand experience of real-world challenges and solutions, deepening their understanding beyond textbooks and lecture halls.</p> <p>Moreover, we host engaging discussions with seasoned professionals from various environmental science disciplines. These insightful dialogues provide students with an opportunity to delve into specific fields, ask pressing questions, and receive career guidance directly from industry experts.</p> <p>In essence, the Environmental Sciences Club is more than just a club; it is a conduit to practical learning and professional networking, aimed at nurturing the next generation of environmental science leaders right here at UCR.</p>	Environmental Science Club - HighlanderLink	ensclubatucr@gmail.com	Instagram - ensclub_ucr
Friends of Médecins Sans Frontières at UCR	Doctors Without Borders/Médecins Sans Frontières (MSF) is an international medical humanitarian emergency aid and relief organization, founded in 1971, with national offices present in more than 20 countries including the United States. MSF's national offices contribute to the operation of medical humanitarian assistance projects in more than 65 countries worldwide. Global Medical Brigades at UCR	<p>Global Brigades is the world's largest student-led global health and sustainable development organization. Since 2004, Global Brigades has mobilized thousands of university students and professionals through nine skill-based programs that work in partnership with community members to improve quality of life in under-resourced regions while respecting local culture.</p> <p>Currently, Global Brigades has ten disciplines. Medical, dental, public health, water, microfinance, business, environmental, human rights, engineering, and architecture brigades all work in rural communities and represent the holistic model that Global Brigades follows. Students can have hands-on-experience in working in communities in any of these disciplines while respecting the culture and having first-hand experience of seeing the people's lives they change through volunteer work.</p>	Global Medical Brigades at UCR - HighlanderLink	gmb.ucr@gmail.com	Instagram - gmb_ucr
Global Medical Missions Alliance	Foster a unique community and fellowship among peers and mentors committed to medical mission and healing ministry. Provide an opportunity to travel internationally alongside licensed medical professionals and assist them in the care of local patients in the community to further God's Kingdom. Inspire students to live as faithful disciples of Jesus Christ in their future health professions.	Global Medical Missions Alliance - HighlanderLink	ucrgmma@gmail.com	Instagram - ucr_gmma
Hands on Health Care	Hands On Health Care (HOHC) aims to connect pre-health undergraduate students at UCR with opportunities and programs for hands-on clinical experience. Through workshops, panels, and guest speakers, members gain insight into various healthcare careers while developing practical skills. Such activities include suturing, IV clinics, CPR, and EMT skills practice, among others. HOHC also serves as an outreach platform, keeping members informed about health programs, career opportunities, and volunteering throughout the Inland Empire. By offering real-world experience, students can explore and confirm their passion for a career in healthcare through this club. Heal the People	<p>At Heal the People, we are dedicated to addressing health disparities and the social determinants of health affecting Riverside County's most vulnerable populations, particularly unhoused residents. Our mission focuses on creating lasting impact through action and advocacy.</p> <p>As members, we will volunteer to gather and distribute social services and resources to unhoused individuals at local shelters. We'll collaborate with social workers to understand community needs, health disparities, and the factors that influence the well-being of our community members.</p> <p>Additionally, we will lead initiatives to protect the rights of unhoused residents by advocating for stronger laws and increased funding from local government. Through outreach, partnerships, and advocacy, we aim to empower individuals experiencing homelessness, enhance access to resources, and promote dignity and equity for all.</p>	Heal the People - HighlanderLink	ucr.healthepeople@gmail.com	Instagram - ucrhealthepeople
Health Queers	Health Queers provides support for LGBTQ+ students and allies involved in healthcare and healthcare-adjacent fields. We provide a space for students to network with other queer pre-health students and to educate others on the health disparities that affect our community.	Health Queers - HighlanderLink	nmiya007@ucr.edu	Instagram - healthqueers.ucr
HerEssentials	The purpose(s) of this organization shall be committed to addressing hygiene needs and menstrual care by providing bras, menstrual products, and essential hygiene items to individuals in need. We are dedicated to supporting underserved communities by supplying undergarments such as underwear and socks to unhoused individuals. Additionally, we place a special focus on children, partnering with local elementary schools to provide undergarments. We strive to address and reduce healthcare disparities in our local underserved communities, caused by limited access to these essentials, bridging the gap through neighborhoods HerEssentials. HOSA - Future Health Professionals	UCR HOSA is a pre-health organization that serves students in serving UCR and the surrounding community by volunteering, networking, and socializing with students alike. We compete in leadership conferences in order to better prepare for future careers.	HOSA - Future Health Professionals - HighlanderLink	ucrhosa@gmail.com	Instagram - ucrhosa
Minority Association of Pre-Medical Students	The purpose(s) of this organization shall be to provide underrepresented pre-medical students with knowledge, skills, and experience that are both prerequisite and concomitant to professional participation in health care fields. MAPS also serves to improve minority matriculation into all professional health related programs, with an emphasis on medicine.	Minority Association of Pre-Medical Students - HighlanderLink		
Mujeres Unidas de UCR	As mujeres of the University of California, Riverside, we strive for the betterment of la RAZA! We realize the importance of unity amongst ourselves and strive to maintain positive interaction with other organizations. While empowerment of la mujer at UCR is our main goal, we are also concerned with educational, social, and economic issues within our communities. As a women's organization, we welcome all individuals who agree with our goals and objectives and who are willing to fight for la causa. As educated mujeres we realize the responsibility we have to our hermanas y hermanos to provide support, open and educate minds, maintain la cultura, and those traditions that do not oppress us. Partners in Health Engage at UC Riverside	At Partners In Health we hold fundraising events to raise money to help those in third world countries or who are struggling to obtain healthcare. We also hold Advocacy events, calls, and emails, where we speak to Members of Congress and House of Representative Members to pass more legislation, advocating for equal healthcare for all. And Lastly, we create Community Engagement events where we go to placed in the community, explain our mission, and pass out resources to those who need healthcare.	Partners in Health Engage at UC Riverside - HighlanderLink	partnersinhealthucr@gmail.com	
PERIOD. @ UCR	The mission of PERIOD@UCR is to celebrate and promote menstrual health through advocacy, education, and service. We host period packaging events, educational workshops, and work on campus policy to eliminate period poverty and normalize conversations about periods.	PERIOD. @ UCR - HighlanderLink	period.ucr@gmail.com	Instagram - period.ucr
Planned Parenthood Generation Action at UCR	We aspire to mobilize advocacy efforts at UCR surrounding sexual and reproductive health and justice, educate student body, and create lasting change on and off campus.	Planned Parenthood Generation Action at UCR - HighlanderLink	ppgaatucr@gmail.com	
Project Lux	<p>Project Lux is an organization committed to health equity.</p> <p>We work toward achieving this goal through enrolling individuals experiencing homelessness in health insurance programs, such as Medical, and helping these individuals with other basic health care needs.</p> <p>Additionally, we work with student volunteers whom we hope to inspire to continue to create change in their communities. We aim to help these volunteers recognize this broad issue and give them a platform through which they can make a tangible impact. We envision a world in which no individual is discouraged from receiving medical aid due to unaffordable services.</p>	Project Lux - HighlanderLink	projectluxucr@gmail.com	Instagram - projectluxucr
Project RISHI at UCR	In partnership with local community members and social enterprises, we identify issues that are central to the villages we support and then provide the resources to implement solutions. We do this by fundraising throughout the year in hopes of being able to afford important supplies for the village and by taking trips as a group every summer to first-hand offer help, deliver supplies, and implement new helpful systems. UCR's chapter of the organization works specifically with a village Uttarakhand. Every year we continue to build off of our efforts in hopes of one day bringing this village to a place where they can support themselves	Project RISHI at UCR - HighlanderLink	ucriverside@projecctrishi.org	Instagram - ucrprishi
