

Organization Name	Description	Link
<b>AAPI Coalition</b>	The Asian American, Native Hawaiian, & Pacific Islander (AANHPI) Coalition is a group of volunteer learners, staff, faculty, AANHPI organizations and departments within UCSF that aim to help address equity and inclusion for AANHPI-identifying UCSF members and to promote health equity for AANHPI-identifying patients at UCSF.	<a href="https://ucsf.campusgroups.com/AAPICoalition/">https://ucsf.campusgroups.com/AAPICoalition/</a>
<b>Asian Pacific American Medical Student Association (UCSF Chapter)</b>	<p>The Asian Pacific American Medical Student Association (APAMSA) at UCSF seeks to be a cornerstone in the conversation about Asian American, Native Hawaiian &amp; Pacific Islander (AANHPI) identities and physicianship, and what it means to understand and address the needs of diverse AANHPI communities and all communities of color. As future AANHPI health professionals, we challenge and examine the responsibilities we have towards advocating for and promoting the health of our own communities, while also educating ourselves on the role we play in the broader fight against racial injustice. We hope to build an allied community that highlights our unique experiences and provide a space for joy, education, and advocacy.</p> <p>APAMSA at UCSF is a local chapter of APAMSA, a national organization of medical and pre-medical students committed to addressing the unique health challenges of AANHPI communities.</p>	<a href="https://ucsf.campusgroups.com/apamsa/">https://ucsf.campusgroups.com/apamsa/</a>
<b>Association of Native American Medical Students at UCSF</b>	ANAMS at UCSF is an organization of health professions students who self-identify as Native American, or allies, who are working together to advance representation of Native Americans on campus. ANAMS at UCSF also promotes cultural understanding and an awareness of the health disparities affecting Native American/Alaskan Native peoples through educational programs and campus events.	<a href="http://www.anamstudents.org/">http://www.anamstudents.org/</a>
<b>Black Excellence in Science Technology Engineering &amp; Mathematics</b>	<p>The overall goal of BE-STEM is to increase Black representation in STEM and to mentor the next generation of Black scientists. The specific purpose of BE-STEM shall be:</p> <ul style="list-style-type: none"> <li>-To create a safe and welcoming community,</li> <li>-To represent the needs,</li> <li>-To advocate for the rights and interests,</li> <li>-To promote and facilitate the recruitment and retention, and</li> <li>-To support professional development, of Black graduate students and postdoctoral fellows.</li> </ul>	<a href="https://ucsf.campusgroups.com/BESTEM/">https://ucsf.campusgroups.com/BESTEM/</a>
<b>Black Health Initiative x Booker T. Community Clinic</b>	We hope that this clinic will increase health service access to black/African American residents within the Filmore/Western Addition district. The expected outcome for UCSF students and faculty is that this project will create a space where healthcare providers and students can learn from patients and community members about providing culturally sensitive, accessible, equitable, and high-quality health care. Also, we hope students will gain a unique set of skills on how to address health inequities by working with the communities impacted.	<a href="https://ucsf.campusgroups.com/BHxBT/">https://ucsf.campusgroups.com/BHxBT/</a>
<b>Black Men in Medicine</b>	Even with efforts to increase the number of minority ethnic groups in science and medicine, the proportion of black men pursuing and obtaining degrees in these fields has reached a historic low. In 1986, 57% of black medical school graduates were men — but by 2015 that number had dropped to just 35%, even as the total number of black graduates in all fields had increased. <sup>1</sup> By providing opportunities for networking, community-building, and mentorship, Black Men in Medicine at UCSF strives to dismantle the barriers that have perpetuated the dearth of black men in the field and act as a resource for those currently pursuing careers in medicine to find success.	<a href="https://ucsf.campusgroups.com/BMIM/">https://ucsf.campusgroups.com/BMIM/</a>
<b>Black Women in Medicine</b>	Black Women in Medicine aims to provide community, networking opportunities, and support for Black women in medicine at UCSF. The organization hopes to support the retention of Black women in medicine and build connections between Black women at all levels in their medical career at UCSF.	<a href="https://ucsf.campusgroups.com/BWIM/">https://ucsf.campusgroups.com/BWIM/</a>
<b>Chicanos/Latinos in Health Education</b>	CHE (Chicanos/Latinos in Health Education) is an umbrella organization of LMSA (Latino Medical Student Association), HSDA (Hispanic Dental Student Association), LAPS (Latino Association of Pharmacy Students), Voces Latinas Nursing Student Association, and (LPTSA) Latino Physical Therapy Student Association. CHE unites Latino students and those interested in the Latino community, from within the various professional schools at UCSF. Our mission consists of an interdisciplinary approach that offers outreach, mentoring, cultural awareness, health education, and direct services to diverse communities in San Francisco and the greater Bay Area. Our goal is to unite as professional students who come from humble origins, in the hopes of serving as an inspiration to youth and future leaders in the health professions.	<a href="https://www.facebook.com/UCSFCHED/">https://www.facebook.com/UCSFCHED/</a>
<b>Clinical Ethnography Group</b>	The Clinical Ethnography Group aims to foster generative discussions on writings that use ethnographic techniques to explore health, illness, and clinical encounters in the context of culture. Through monthly meetings on selected draft texts, collaborative dialogue, and prolonged engagement, we aim to sharpen our understanding and practice of clinical ethnography while fostering a supportive community of social scientist scholars.	<a href="https://ucsf.campusgroups.com/CEG/">https://ucsf.campusgroups.com/CEG/</a>
<b>Coalition for Reproductive and Menstrual Products</b>	The mission of CRAMPS is to expand California state governmental assistance to allow for menstrual hygiene products to be included within the monthly stipend given to recipients of SNAP/EBT. Equally as important, this organization serves to increase awareness about menstrual health disparities and alleviate the stigma related to menstruation.	<a href="https://ucsf.campusgroups.com/CRAMPS/">https://ucsf.campusgroups.com/CRAMPS/</a>
<b>Collaborative for Surgical Health Outcomes, Research, and Equity Student Club</b>	We are the student arm of the Collaborative for Surgical Health Outcomes, Research, and Equity. Our goal is to empower and inspire the pursuit of improved healthcare value and equity for surgical patients through health services research. We host both guest speakers for informative discussion and work-in-progress sessions designed to serve as forums for investigators, faculty, fellows, and students to present their ongoing projects and receive constructive feedback from colleagues.	<a href="https://ucsf.campusgroups.com/CSHORE/">https://ucsf.campusgroups.com/CSHORE/</a>

Organization Name	Description	Link
Community Access to Reproductive Education Initiative	<p>The CARE Initiative is a student-led organization dedicated to advancing reproductive health education and promoting equitable access to resources for women and marginalized communities. As an official Registered Campus Organization (RCO), we partner with local women's shelters and community organizations to host interactive, evidence-based educational trainings. Our sessions cover a wide range of reproductive health topics, including menstrual health, perimenopause, fibroids, contraception, and maternal wellness.</p> <p>Purpose:</p> <p>The purpose of the CARE Initiative is to empower individuals with knowledge and tools to make informed decisions about their reproductive health while addressing disparities in education and access. Through hands-on workshops, community-centered outreach, and collaborative efforts with local partners, we aim to foster trust, reduce stigma, and create lasting connections between medical students and the communities we serve. By building sustainable educational programs, CARE also provides a platform for students to develop leadership, advocacy, and teaching skills that will inform their future roles as compassionate healthcare professionals.</p>	<a href="https://ucsf.campusgroups.com/CARE/">https://ucsf.campusgroups.com/CARE/</a>
Companion Care SF	Companion Care is a UCSF partnership with the San Francisco Department of Public Health to advocate for people living in permanent subsidized housing or the shelter system by accompanying them to their outpatient medical appointments.	<a href="https://ucsf.campusgroups.com/CompCareSF/">https://ucsf.campusgroups.com/CompCareSF/</a>
Comprehensive Heart and Multidisciplinary Limb Preservation Outreach Network	The Comprehensive Heart and Multidisciplinary Limb Preservation Outreach Network (CHAMPIONS) hosts free preventative health screenings in the East Bay to help address cardiovascular and vascular health disparities, especially in high-risk populations. Our goal is to intercept disease progression, promote health literacy, and connect community members to care.	<a href="https://ucsf.campusgroups.com/CHAMPIONS/">https://ucsf.campusgroups.com/CHAMPIONS/</a>
Disability in Medicine	Disability in Medicine is a group dedicated to breaking down the barriers that individuals with disabilities face in pursuing and sustaining careers in medicine. The organization works to foster equity, accessibility, and inclusion by providing advocacy, mentorship, and resources that empower aspiring and current medical professionals with disabilities.	<a href="https://ucsf.campusgroups.com/DIM/">https://ucsf.campusgroups.com/DIM/</a>
Doctor Buddies	Doctor Buddies fosters inclusive simulated healthcare experiences for children with developmental disabilities while also training future physicians to deliver compassionate, individualized care for patients of all abilities	<a href="https://ucsf.campusgroups.com/DocBuds/">https://ucsf.campusgroups.com/DocBuds/</a>
Endocrinology Interest Group	The Endocrine Interest Group (EIG) at UCSF is dedicated to fostering curiosity, education, and collaboration in the field of endocrinology. We aim to provide medical students with opportunities to explore the science of hormones and metabolism through interactive learning, mentorship, and clinical exposure. Our mission is to inspire the next generation of physicians to advance patient care and research in endocrinology while building a supportive and inclusive community.	<a href="https://ucsf.campusgroups.com/EIG/">https://ucsf.campusgroups.com/EIG/</a>
Environmental Justice and Community Organizing	Our mission is to empower future health professionals to become active leaders in the fight for social and environmental justice through dedicated community activism and institutional advocacy. We strive to educate and mobilize our members to understand the intersection of environmental factors and health outcomes, fostering a commitment to equity and sustainability. Through grassroots organizing, advocacy efforts, and collaborative projects, we aim to create positive, lasting change alongside community partners. Our club is dedicated to promoting social responsibility and environmental stewardship as integral components of health practice, ensuring that our members are equipped to be involved in community-driven initiatives and institutional change.	<a href="https://ucsf.campusgroups.com/ECO/">https://ucsf.campusgroups.com/ECO/</a>
Filipino American Medical Student Association	The Filipino American Medical Student Association (FAMSA) at UCSF is committed to advancing the well-being of the Filipino American community and broader society through advocacy and community service. By promoting cultural awareness, we strive to enhance cross-cultural humility and equip our members to provide culturally sensitive and effective healthcare. Meanwhile, we aim to create a diverse and inclusive space where all students can engage, while providing a safe and supportive environment especially for those of Filipino or Filipino American heritage to thrive academically, culturally, and professionally. We seek to provide a supportive network for members by offering mentorship, resources, and opportunities for leadership development.	<a href="https://ucsf.campusgroups.com/FAMSA/">https://ucsf.campusgroups.com/FAMSA/</a>
First Generation and/or Low-Income in Medicine	To foster community among first-generation and/or low-income students at UCSF and increase representation and support for first-generation and/or low-income students at UCSF through outreach and advocacy.	<a href="https://ucsf.campusgroups.com/FGLI/">https://ucsf.campusgroups.com/FGLI/</a>
Global Health Interest Group	The Global Health Interest Group (GHIG) is a UCSF interdisciplinary organization, composed of medical, nursing, dental, and pharmacy students interested in the field of global health. The goal of GHIG is to create a space for students to come together to plan and participate in events which might include informational sessions on global health summer projects, a meet and greet with UCSF faculty involved in global health, potlucks with guest speakers involved in global health. GHIG is also a great opportunity to make new friendships, collaborations, and career networks.	<a href="https://ucsf.campusgroups.com/ghig/">https://ucsf.campusgroups.com/ghig/</a>
Graduate and Professional Immigrant Advocates	The mission of Graduate and Professional Dream Advocates is to support undocumented immigrant graduate and professional students through promoting awareness, establishing a support system, and advocating for increased access to graduate & health professional programs, and health care for the undocumented immigrant community. GAPDA seeks to further practice this mission with its membership of professional and graduate students across the university.	<a href="https://ucsf.campusgroups.com/GAPIA/">https://ucsf.campusgroups.com/GAPIA/</a>
Healthcare Workers for Abolition	Healthcare Workers for Abolition is an organization of abolitionist healthcare workers (HCWs) and trainees struggling to end policing and carcerality in healthcare and in our communities at large.	<a href="https://ucsf.campusgroups.com/dphmustdivest/">https://ucsf.campusgroups.com/dphmustdivest/</a>
Intertwine: Health Humanities Journal - UCSF	Intertwine: Health Humanities Journal-UCSF exists to promote & disseminate works in the health humanities.	<a href="https://ucsf.campusgroups.com/Intertwine/">https://ucsf.campusgroups.com/Intertwine/</a>
Korean American Medical Student Association	The Korean American Medical Student Association seeks to create a supportive community of Korean-American medical students at UCSF. We aim to establish a network of physician and peer mentors among students who identify as Korean Americans, so that we can learn to provide culturally sensitive care and ultimately better serve the needs of this population.	<a href="https://ucsf.campusgroups.com/KAMSA/">https://ucsf.campusgroups.com/KAMSA/</a>
La Cosecha - San Joaquin Valley	The mission of La Cosecha is to increase allies fighting for equitable healthcare for farmworkers by increasing awareness amongst future health care providers on the health plights of farmworkers and simultaneously work to expand access to preventative health care resources available to farmworker communities in the San Joaquin Valley.	<a href="https://ucsf.campusgroups.com/LACOSECHASJV/">https://ucsf.campusgroups.com/LACOSECHASJV/</a>
Latino Medical Student Association at UCSF	The Latino Medical Student Association seeks to recruit and support individuals in the healthcare professions who will strive to improve the access and delivery of healthcare to Latinx and medically undeserved populations. The LMSA chapter at UCSF seeks to promote this mission as well as to provide a network of support to its member medical students.	<a href="https://ucsf.campusgroups.com/lmsa/">https://ucsf.campusgroups.com/lmsa/</a>

Organization Name	Description	Link
Mabuhay Health Center	<p>Mabuhay Health Center (MHC) is a free, student-run community health clinic that aims to reduce health disparities existing within San Francisco's underserved South of Market (SoMa) district. Under the supervision of UCSF faculty preceptors, student volunteers provide health screenings, individualized patient care, health coaching, medication therapy management, and health education to both SoMa residents at the Bayanihan Community Center as well as children at Bessie Carmichael Elementary School. Mabuhay Health Center's goal is to not only provide sensitive, accessible, and quality health care, but to also provide an environment where preceptors, students, and patients can teach and learn from each other. Mabuhay Health Center also aims to evaluate health disparities within the Filipino American community and assess the effectiveness of its program and services through ongoing evaluations.</p>	<a href="http://mabuhayhealthcenter.org/">http://mabuhayhealthcenter.org/</a>
Medical Students for Choice	<p>Medical Students for Choice is dedicated to ensuring that everyone has access to the full range of reproductive healthcare choices. MSFC recognizes that one of the greatest obstacles to safe and legal abortion is the absence of trained providers. As medical students and residents, we work to make reproductive health care, including abortion, a part of standard medical education and residency training.</p> <p>More specifically, these are our goals:</p> <ul style="list-style-type: none"> <li>-to bolster MSFC's grassroots network of support and activism</li> <li>-to reform medical school curricula and residency programs to include reproductive health and abortion care</li> </ul>	<a href="https://www.msfc.org/">https://www.msfc.org/</a>
Medicine for Migration at UCSF	<p>Medicine for Migration is a coalition of UCSF students in the schools of medicine, nursing, pharmacy, dentistry, and physical therapy that take direct action, advocate and build relationships for local communities impacted by border imperialism to forge justice, promote equity and reclaim our shared humanity in order to dismantle xenophobic systems and structural racism.</p>	<a href="https://www.facebook.com/MedicineforMigrationAtUCSF/">https://www.facebook.com/MedicineforMigrationAtUCSF/</a>
Middle Eastern, North and East African Medical Student Association	<p>The MNEA Medical Student Association aims to create a supportive and inclusive community for medical students who identify as Middle Eastern, North African, or East African. Our organization fosters cultural awareness, professional development, and social engagement through various events and initiatives. We strive to provide a platform where students can share experiences, celebrate their diverse backgrounds, and build lasting connections.</p> <p>Purpose:</p> <ul style="list-style-type: none"> <li>To provide a supportive network for MNEA medical students at UCSF.</li> <li>To promote cultural awareness and understanding within the UCSF community.</li> <li>To offer academic support and professional development opportunities.</li> <li>To organize social events, cultural celebrations, and networking activities.</li> </ul>	<a href="https://ucsf.campusgroups.com/MNEAMSA/">https://ucsf.campusgroups.com/MNEAMSA/</a>
Muslim Medical Student Association	<p>To develop and foster a sense of community among Muslim medical students at UCSF and the greater Muslim community in the Bay Area through mentorship, representation, and advocacy.</p>	<a href="https://ucsf.campusgroups.com/MMSA/">https://ucsf.campusgroups.com/MMSA/</a>
Native American Health Alliance at UCSF	<p>Established in 1986, the Native American Health Alliance (NAHA) is a staff RCO composed of UCSF staff, faculty, trainees and students of Native descent (and allies) who are working together to advance representation of Native Americans on campus. NAHA also promotes cultural understanding and an awareness of the health disparities affecting Native American/Alaskan Native peoples through educational programs and campus events.</p>	<a href="http://bit.ly/FBnaha">http://bit.ly/FBnaha</a>
Pride in Medicine (PrideMed)	<p>Pride in Medicine (PrideMed) works to enhance the climate for lesbian, gay, bisexual, transgender, and queer-identifying (LGBTQ) individuals and enrich the career and personal development of these individuals in the School of Medicine. Our mission is (1) to promote a welcoming and inclusive institutional community for LGBTQ medical students and (2) to enhance mentorship and networking opportunities for LGBTQ medical trainees to connect with LGBTQ medical professionals including residents, alumni, staff, and faculty. In addition to serving the School of Medicine, PrideMed works with the UCSF LGBT Resource Center and the inter-professional LGBTQ Student Association to support leadership and research efforts toward serving gender and sexual minority patient populations.</p>	<a href="https://ucsf.campusgroups.com/pride/">https://ucsf.campusgroups.com/pride/</a>
Reimagining Medicine Interest Group	<p>The purpose of the Reimagining Medicine Interest Group (remig) is to bring together medical trainees and working professionals who are committed to the possibility of a radical transformation of our medical systems in the U.S. and globally. Recognizing the need to address and dismantle the political and economic systems that have made modern biomedicine a facilitator of injustice and inequity, we aim to contribute to efforts to reimagine medicine through strategic advocacy, longitudinal reading and education, and community engagement.</p>	<a href="https://ucsf.campusgroups.com/reimaginedmed/">https://ucsf.campusgroups.com/reimaginedmed/</a>
Rural Health and Wilderness Medicine Cooperative	<p>The Rural Health and Wilderness Medicine Cooperative aims to introduce students to the diverse needs of rural communities across the United States by:</p> <ol style="list-style-type: none"> <li>1. Facilitating interdisciplinary wilderness medicine workshops</li> <li>2. Connecting students to research projects that advance rural practices</li> <li>3. Providing a platform for students interested in joining California's Area Health Education Centers program</li> <li>4. Support students in identifying firsthand experiences that allow them to explore their discipline in rural areas</li> </ol>	<a href="https://ucsf.campusgroups.com/RWC/">https://ucsf.campusgroups.com/RWC/</a>
San Joaquin Valley Prime	<p>SJV PRIME offers interested medical students the unique opportunity to work in the San Joaquin Valley with highly underserved populations at the individual and community level. It incorporates the unique expertise of UCSF, UC Merced, and UCSF Fresno faculty, as researchers, educators, and leaders in the field of health care in the Central Valley. As a student group, we'd like to connect with others interested in practicing medicine in the Central Valley.</p>	<a href="https://ucsf.campusgroups.com/SJVPRIME/">https://ucsf.campusgroups.com/SJVPRIME/</a>
Scrubs Addressing the Firearm Epidemic	<p>SAFE (Scrubs Addressing the Firearm Epidemic) is a national organization whose mission is to ensure that all healthcare providers are equipped with skills and evidence-based knowledge to advise their patients, communities, and legislators on firearm use and ownership to prevent injuries and deaths. We envision a healthcare system in which all healthcare providers have the confidence to help their patients protect themselves and their families from firearm injuries.</p> <p>To realize this vision, the SAFE chapter at UCSF is dedicated to advancing firearm safety-related education, advocacy, and community engagement at UCSF and in our local community. We aim to work with faculty and students across all specialties to ensure all patients have access to tools and knowledge that will keep themselves, their loved ones, and their community safe from firearm violence.</p>	<a href="https://ucsf.campusgroups.com/SAFEatUCSF/">https://ucsf.campusgroups.com/SAFEatUCSF/</a>

Organization Name	Description	Link
<b>Shelter Clinic</b>	<p>Shelter Clinic is formally designated as a Student Service Learning Experience (SSLE) within the School of Medicine's Department of Family and Community Medicine. The clinic's leadership board is made up of pharmacy and medical students.</p> <p>As an SSLE the Shelter Clinic has a dual mission. First and foremost, we aim to deliver high quality care in a compassionate and supportive way to unhoused people staying in shelters. We hope to create positive healthcare experiences and act as an entryway for our patients to enter the mainstream health system. Secondly, we aim to educate a new generation of health care providers to not only be sensitive to the needs and preferences of unhoused people but to become lifelong advocates for the victims of our dysfunctional political and economic systems.</p>	<a href="https://homelessclinic.ucsf.edu/">https://homelessclinic.ucsf.edu/</a>
<b>South Asian Medical Student Association</b>	<p>The South Asian Medical Student Association (SAMoSA) is a national organization dedicated to unifying medical students and promoting South Asian health initiatives across the United States of America.</p>	<a href="https://ucsf.campusgroups.com/SAMoSA/">https://ucsf.campusgroups.com/SAMoSA/</a>
<b>Students for Deaf Health Equity</b>	<p>SDHE is focused on the development of healthcare practitioners' knowledge of health issues specific to the deaf and hard of hearing community through advocacy, education, and professional development.</p>	<a href="https://ucsf.campusgroups.com/SDHE/">https://ucsf.campusgroups.com/SDHE/</a>
<b>Womxns Health Alliance</b>	<p>Women's Health Alliance provides a unifying platform for UCSF students to advocate for increasing public access to reproductive healthcare, to disseminate educational medical information, and to advance the standard of care offered to women and women-identifying individuals.</p>	<a href="https://ucsf.campusgroups.com/WHA/">https://ucsf.campusgroups.com/WHA/</a>
