✨ UC Global Health Day 2024 is an unparalleled opportunity to immerse yourself in the vibrant world of global health. Hosted by the University of California Global Health Institute (UCGHI), this signature conference brings together a diverse community across ten UC campuses, showcasing the remarkable research, training, education, and advocacy efforts shaping our collective commitment to a healthier, more equitable world. Our network encompasses students, post-docs, staff, faculty, educators/scholars, health providers, lawyers, policymakers, and community members – a collaborative force addressing pressing global health challenges.

This interdisciplinary gathering covers topics from psychology to engineering, sustainability, and economics, demonstrating our dedication to improving the health of humans, animals, and ecosystems globally. UC Global Health Day features dynamic keynote speakers, enlightening lightning presentations, panel discussions, and student posters. Special panels on Reproductive Health and Abortion Rights, as well as Environmental Justice, delve into critical issues. Join us in advancing health equity through policy and advocacy, listening to prominent figures who've driven transformative change. Let's unite, inspire, and contribute to a healthier, more equitable future. 🌐💡
#UCGHD2024

🌐 Getting ready for UC Global Health Day 2024, hosted by the University of California Global Health Institute (UCGHI). This signature conference, representing ten UC campuses, is an opportunity to delve into global health discussions with a diverse community of attendees, including students, post-docs, faculty, and policymakers.

Looking forward to a day filled with keynote speakers, presentations on health equity and food justice, panel discussions, and student posters. Special panels on Reproductive Health and Abortion Rights, and Environmental Justice, promise valuable insights from experts in these fields.

This event is a chance to be part of conversations and share experiences within the global health community. It's not just an event but an opportunity to contribute to ongoing efforts in advancing health equity both locally and globally. UC Global Health Day 2024 offers a space for collaboration and dialogue, providing attendees with a chance to connect and engage in meaningful discussions. 🌍💙
